## CoS status

The table below shows each status which can apply to a CoS.

As seen in SMS	Meaning
WORK IN PROGRESS	The CoS is still in 'draft' form as one or more mandatory details have yet to be completed.
READY TO GO	All mandatory fields are complete and the CoS is ready to be assigned to an individual.
ASSIGNED	The CoS has been assigned to an individual and is ready to be used in support of an application for leave to enter or remain.
WITHDRAWN	You have used the 'Manage live CoS' function to withdraw the CoS.
USED	The CoS has been used in support of an individual's application for leave to enter or remain.
EXPIRED	EITHER: The individual has not made an application for leave to enter or remain by the expiry date of the CoS. A new CoS is required; OR: The individual has applied by the CoS expiry date but we have not considered their application before that date. In this case, no action is required on your part; we will change the status of the CoS from EXPIRED to USED when the application is considered.
CANCELLED	The CoS has been cancelled as your licence has been revoked or has expired, or you have surrendered the relevant route / your whole licence prior to the CoS being used.

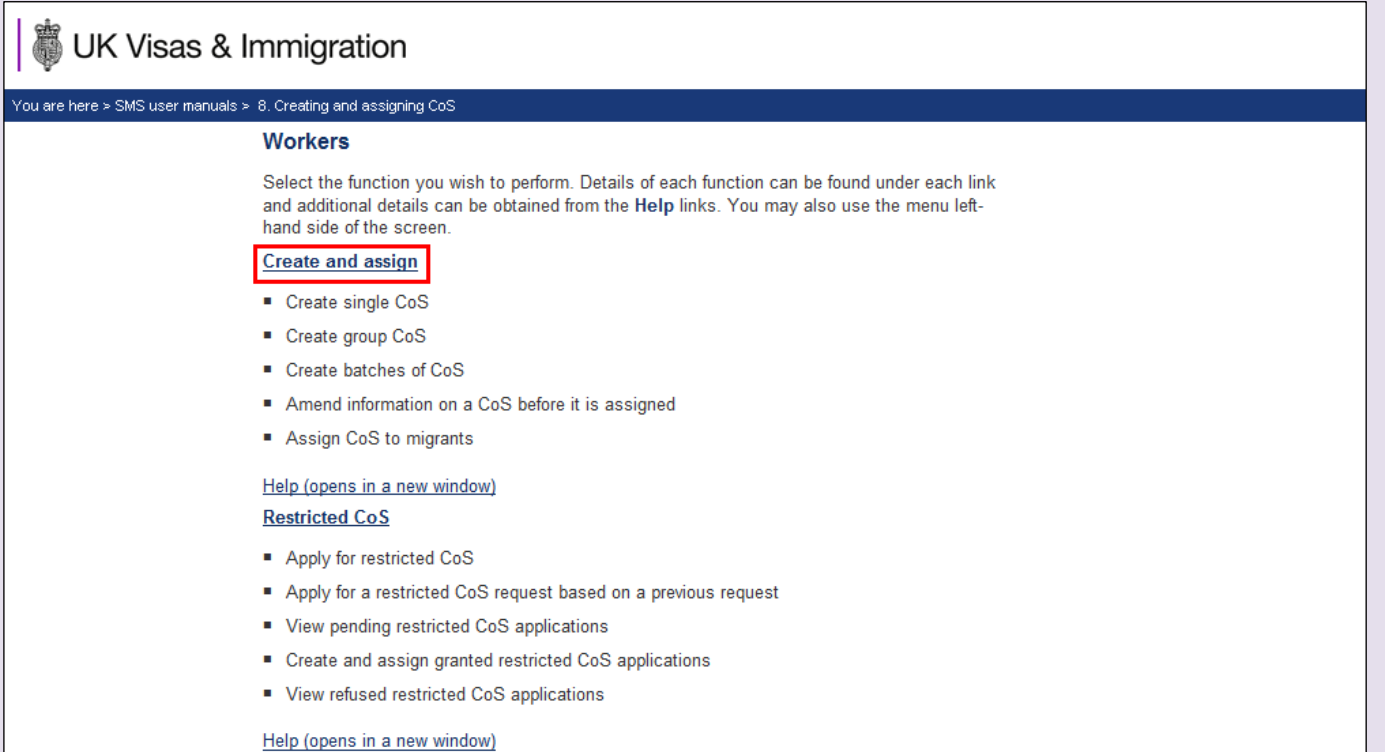

## SMS guides

### Guide 1: How to create and assign an individual CoS

Follow the step by step instructions below to prepare and assign an **undefined CoS** within Worker or Temporary Worker routes.

You should read the [SMS guide 8a – Creating a CoS – guide for business sponsors](#) and [Sponsorship policy guidance](#) before creating and assigning CoS.

Step	Instruction	Screen example
1	From the <b>Workers</b> screen, select <b>Create and assign</b> .	 <p>The screenshot shows the 'UK Visas &amp; Immigration' header. Below it is a breadcrumb trail: 'You are here &gt; SMS user manuals &gt; 8. Creating and assigning CoS'. The main section is titled 'Workers' and contains the text: 'Select the function you wish to perform. Details of each function can be found under each link and additional details can be obtained from the <b>Help</b> links. You may also use the menu left-hand side of the screen.' The link 'Create and assign' is highlighted with a red box. Below it is a list of functions: 'Create single CoS', 'Create group CoS', 'Create batches of CoS', 'Amend information on a CoS before it is assigned', and 'Assign CoS to migrants'. There are also links for 'Help (opens in a new window)' and 'Restricted CoS'. Under 'Restricted CoS', there is a list of functions: 'Apply for restricted CoS', 'Apply for a restricted CoS request based on a previous request', 'View pending restricted CoS applications', 'Create and assign granted restricted CoS applications', and 'View refused restricted CoS applications'. A final 'Help (opens in a new window)' link is at the bottom.</p>

From the **Create and assign CoS** screen, use the **Select the route** drop-down menu to select the route of the CoS you wish to create, then select **Next**.

*For Skilled Worker and Intra-company Routes:*

- 2 **If you select either *Skilled Worker and Intra-company Routes*, an additional drop-down menu will be displayed.**

Use the **Select the category** drop-down menu to select the relevant category of the CoS you wish to create, then select **Next**.

### Create and assign CoS

Select the relevant route and category (if applicable) in which you wish to create the CoS, then choose **Next** to continue. Alternatively, choose **Back** to return to the previous screen.

If you are intending to assign a CoS in either the Skilled Worker or Intra-company Routes, you may have to make an additional payment known as the Immigration Skills Charge (ISC). If you are unsure whether you need to pay this charge, please refer to the ISC eligibility checker, available [here](#).

Please note, the checker will help you to determine whether the ISC will be incurred but it will not calculate any amount payable. For this you will need to create and save a CoS in an 'ISC liable' category and proceed to the **Online payment** screen, where any ISC charge will be displayed. No payment will be taken unless you complete the subsequent online payment process.

If an applicant is subject to this requirement and you do not make them aware of this at the point their CoS is assigned, there is a risk that the prospective employee's application for entry clearance (a visa) may be delayed or refused.

With immediate effect, you should check the applicant's SOC code, and if it is one prescribed as being subject to the overseas criminal record certificate requirement as of April 2017, ensure that you have informed the applicant of this when assigning their COS. As COS are valid for three months, it is possible that they may make their entry clearance application on or after the date the new requirement takes effect and so applicants will benefit from being made aware of this at the point the COS is assigned. ## Guide 4: How to amend, delete or assign a CoS

Follow the step by step instructions below to retrieve a CoS that has not yet been assigned in order to edit, assign or delete it. This function is useful if you have previously created and saved a CoS with partial information.

You should read the [SMS guide 8a – Creating a CoS – guide for business sponsors](#) and [Sponsorship policy guidance](#) before editing and assigning CoS.

Select the relevant route and category (if applicable) in which you wish to create the CoS, then choose **Next** to continue. Alternatively, choose **Back** to return to the previous screen.

If you are intending to assign a CoS in either the Skilled Worker or Intra-company Routes, you may have to make an additional payment known as the Immigration Skills Charge (ISC). If you are unsure whether you need to pay this charge, please refer to the ISC eligibility checker, available [here](#).

Please note, the checker will help you to determine whether the ISC will be incurred but it will not calculate any amount payable. For this you will need to create and save a CoS in an 'ISC liable' category and proceed to the **Online payment** screen, where any ISC charge will be displayed. No payment will be taken unless you complete the subsequent online payment process.

Before you assign a CoS to a Skilled Worker, you should consult the guidance on [overseas criminal records checks on GOV.UK](#), which applies to applicants being sponsored in certain occupation codes. If an applicant is subject to this requirement and you do not make them aware of this at the point their CoS is assigned, there is a risk that the prospective employee's application for entry clearance (a visa) may be delayed or refused.
