Looking to

Develop

your career?

Are you currently employed in the healthcare sector and looking for an opportunity to become a Registered Nurse? If so, this Part-time programme may be for you.

PART-TIME

**BSc (Hons) Nursing
Registered Nurse Degree Apprenticeship (Adult)**

More 

On successful completion of the programme, you will be able to:

- Practice in accordance with The Code: Standards for Conduct, Performance and Ethics (The Code) (NMC 2018)
- Deliver non-discriminatory holistic person-centred care for people across the lifespan, their families and carers based on evidence and principles of equality, diversity and inclusion
- Work independently or effectively in teams utilising leadership skills and respecting other people's contributions to ensure the effective delivery of safe and effective nursing care
- Apply governance frameworks in maintaining and developing standards, remaining accountable for the management of self and others effectively and confidently in order to deliver high quality care
- Adopt reflective strategies to maintain your own professional development through a portfolio
- Utilise analytical knowledge and skills for evidenced based medicines management preparing for the role as a prescriber practitioner
