

# Clinical Skills Practice Workshops Training 2024

Lancashire &  
South Cumbria  
PRIMARY CARE TRAINING HUB

mbpcc.lscthub@nhs.net

Visit our webpage [here](#)

Topics available at all clinical skills workshops across Lancashire and South Cumbria are:

- Practice taking a smear
- Manual blood pressures plus looking at normal parameters and targets
- Injection Technique
- Venepuncture
- Inhaler technique
- Peak flow technique
- Blood oxygen levels using a pulse oximeter

New for 2024! We have added some extra skills onto our sessions to broaden the experience on attending!
